

GET YOUR WEBFILE PIN # FROM THE VIRGINIA WORKERS COMPENSATION COMMISSION

Once you file a claim, (do **not** confuse this with filing an incident report or just dealing with the workers' compensation insurance company), the Commission will mail you a WebFile Pin # which can be accessed on their website at any time.

WHY?

Important for the injured worker.

You can find out:

- Has the insurance company accepted my claim?
- What has the insurance company actually told the Commission?
- Has the Deputy Commissioner made a decision in my case?
- Do I have an award order that protects my benefits?
- When is my hearing date?

HOW?

Register online.

1. Go to:
<https://webfile.workcomp.virginia.gov/login>
2. Create Claimant Account
3. Enter the required information
4. Enter Pin # given to you by the Commission via postal mail

If you have lost or misplaced your WebFile Pin #, call the Virginia Workers' Compensation Commission at (877)664-2566
